«Every human being has a singing voice. Our work is to unveil, take away the hindrances and free the voice.»

— Valborg Werbeck-Svärdström

Werbeck Singing is a singing school appropriate for present times, which takes into account the entire human being: body, soul and spirit. This approach was developed by Valborg Werbeck-Svärdström (1879-1972) in the first decades of the 20th century, with the support and guidance of Rudolf Steiner.
